

# Respect for the Environment

Class 2<sup>F</sup>  
2018-2019

# 1° Saving the World

We are the last  
generation  
with a real  
opportunity  
to save the  
world

2° Avoid any waste

3° The Earth must be respected  
because it is our source of life

4° The Earth revolves around the Sun, not you:  
respect it!

# 5° The Nation that destroys its soil destroys itself

6 ° Environment must be preserved  
and protected forever

## 7° Don't pollute the Sea!

Today sharks, tuna and many other marine species are in danger of extinction.

8° Caring for Nature,  
work to conserve natural spaces.

9° The loss of trees and other vegetation can cause climate change, desertification, soil erosion, flooding.....

10° Try to make the World a better place.
