

READING IS SAVING OUR PLANET

Erasmus Plus Project 2017-2019

OUR BOOK

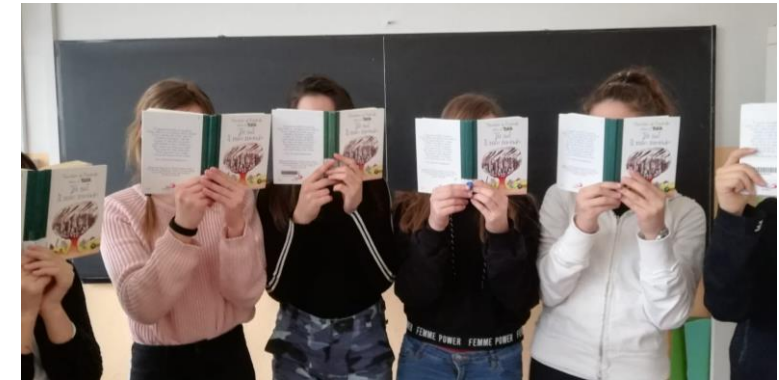

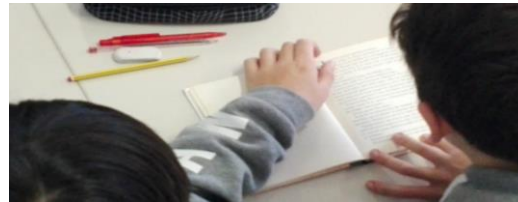

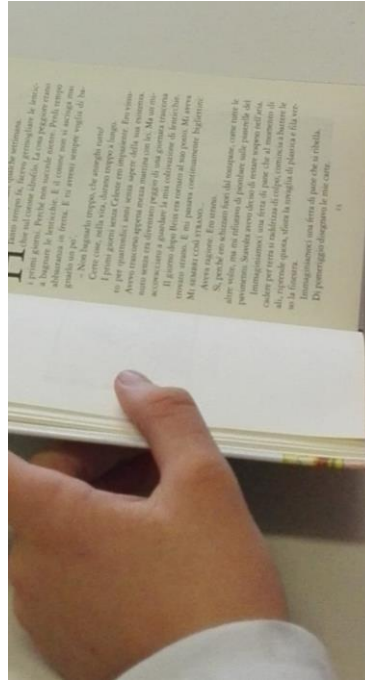

We choosed a simple book about enviroment's problems.

It is a reflection on the environment and the future of the planet and also a love story. A young boy fall in love with Celeste, but she is sick of a strange disease: all the wounds of the world appear on her body.

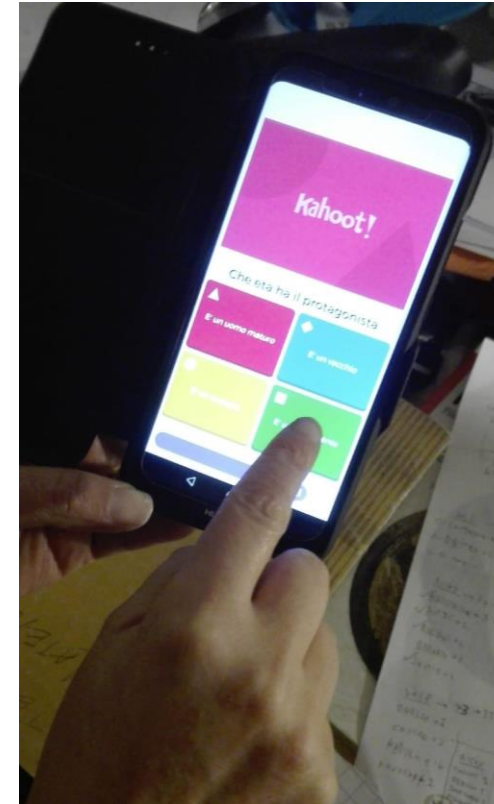

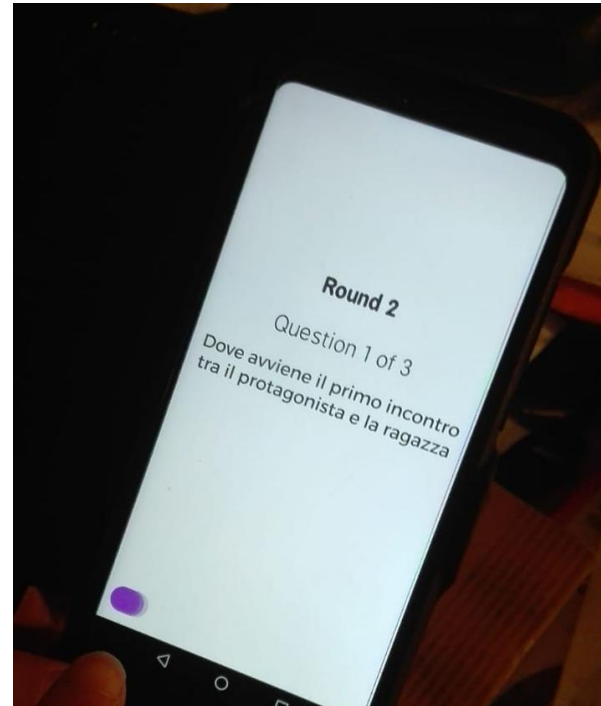

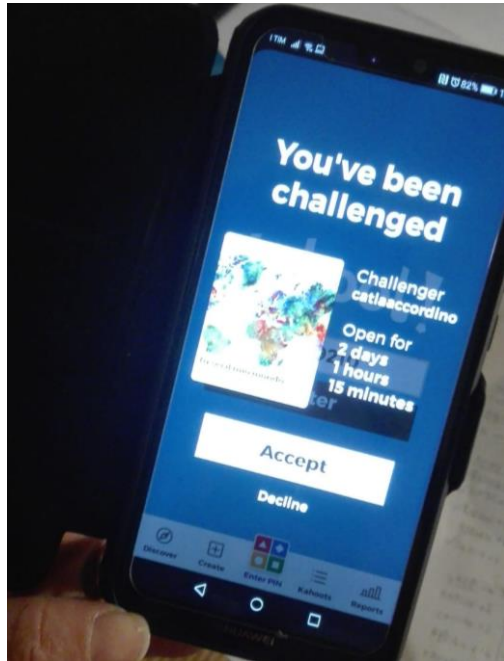

READING

We read the book

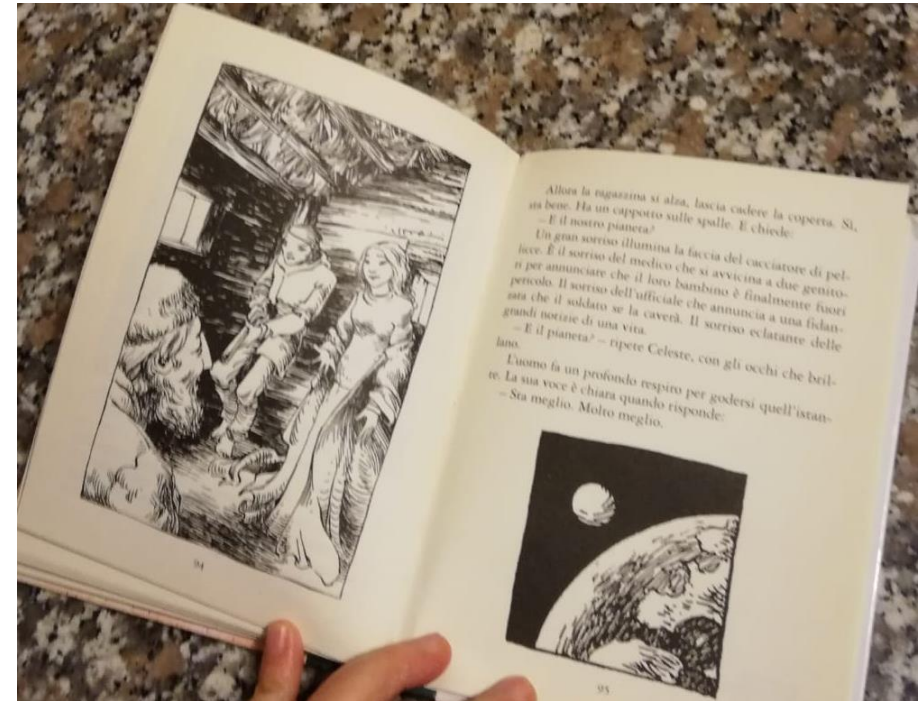

TEXT COMPREHENSION

We made the text comprehension using kahhot

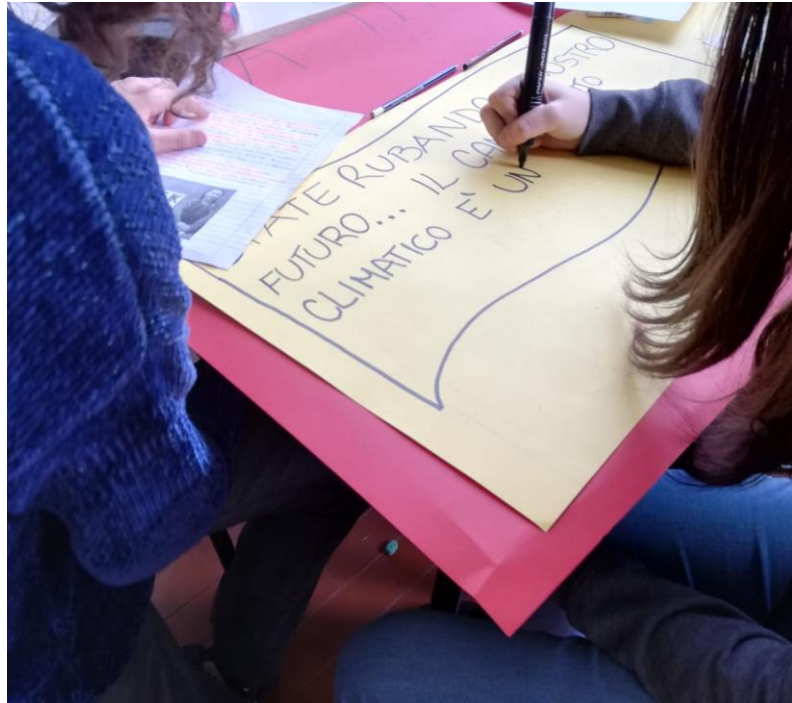

THE DRAWINGS

The story was fantastic but the children were struck by the drawings in the books and they decided to realise drawings about saving the planet
