

"ANTONIO ROSMINI" PRIMARY SCHOOL - TRADATE  
OCTOBER 2018

COMPOSITIONS WITH NATURAL ELEMENTS

The children of class 5 B of the school "Antonio Rosmini" were divided into 4 groups.

They looked for natural elements in the school garden and made some compositions with them.

The activity took place in three moments:

- 1) Search for the material in the garden
- 2) Creation of the composition
- 3) Final results

Here are some photos

The final compositions: very good!
