

# Recycling is solidarity

I. C. "G. Galilei" Tradate, Italy  
Erasmus + 2017 - 2019

A famous italian  
proverb says:

“The dog  
is the  
best friend  
of man”

Now the cold has arrived and even in the kennel we have to cope with the temperatures that are gradually lowering, and make sure that our dogs do not suffer too much from the cold and have boxes and dogshouses as comfortable as possible.

# We love dogs

so we decided to collaborate with  
a kennel near Tradate: Rifugio  
Villa Betta – Associazione Onlus  
Locate Varesino

Rifugio Villa Betta –  
Associazione Onlus

via Garibaldi 113  
Locate Varesino

**The kennel volunteers made this proposal:**

**“If you have old blankets, sheets, plaids, duvets, do not throw them, but bring them here. You will put them in the kennel to give a little comfort to the dogs during the cold winter.”**

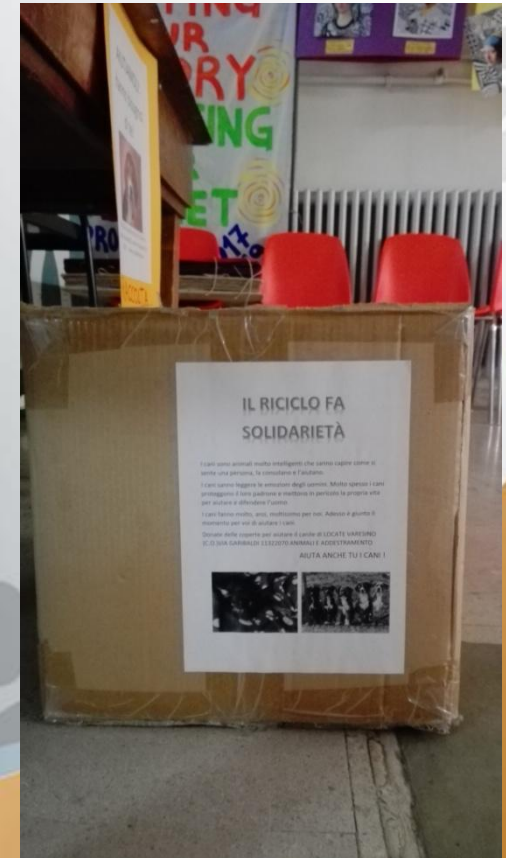

# We have enthusiastically joined

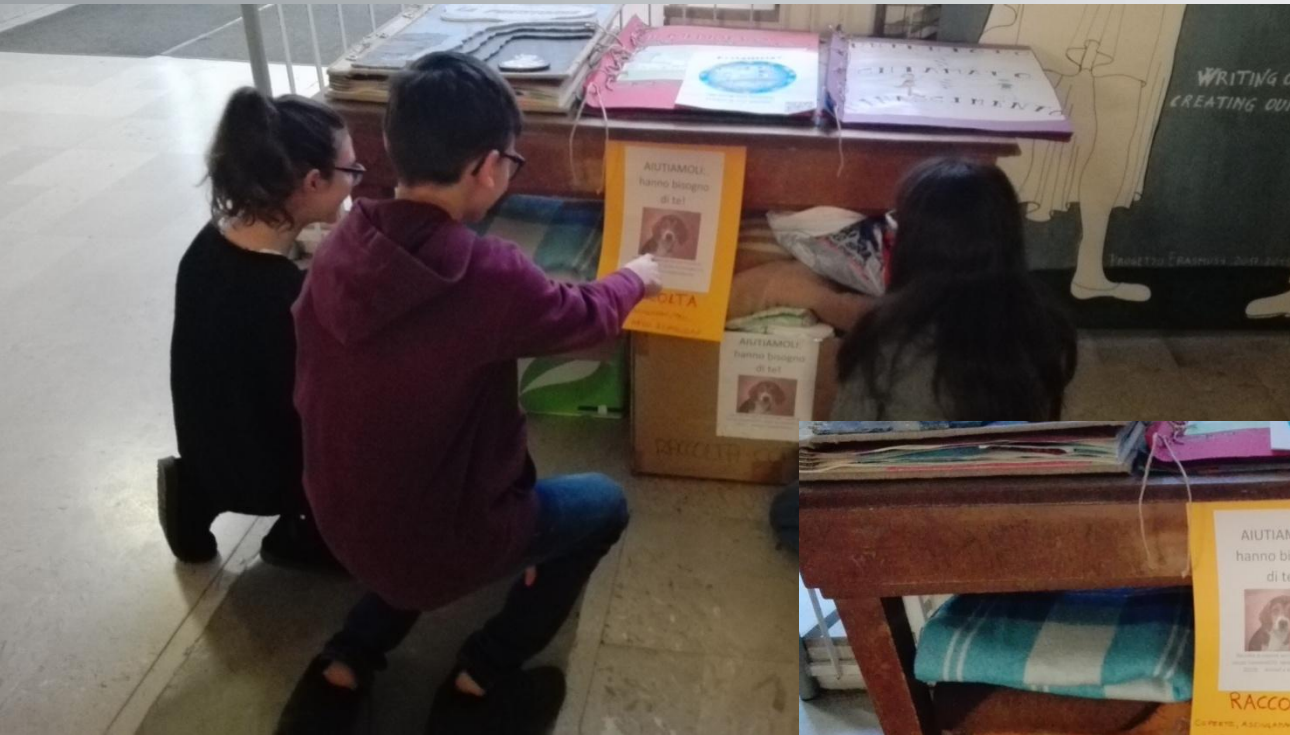

On each floor of the school, we have set up a collection point: “We need blankets, wipes and sweaters to protect the dogs of the kennel from the cold”

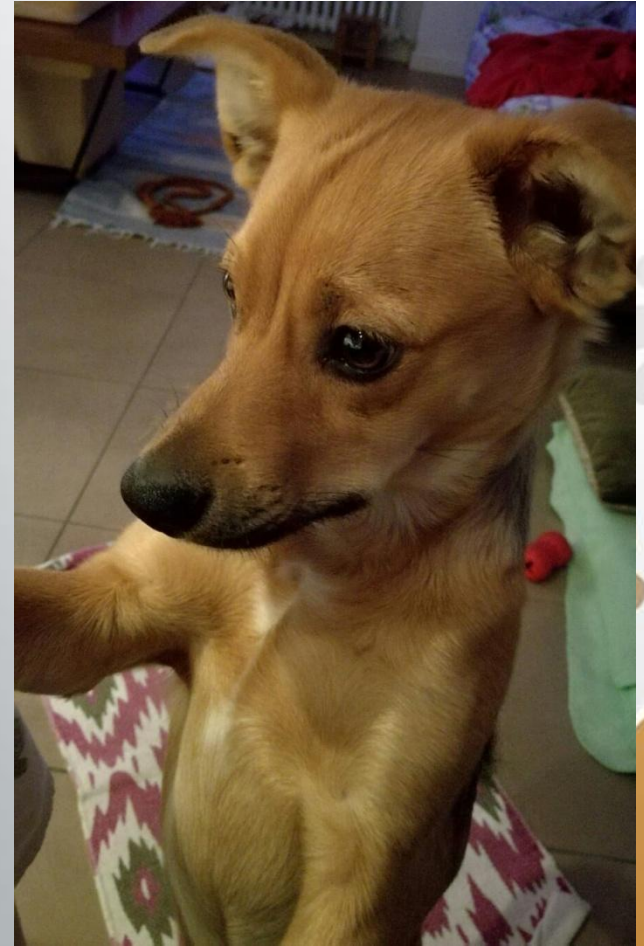

# Every day someone brought something

# Day by day the initiative involved the whole school

We have realized our solidarity project with great joy and we have learned that even old objects can help make someone else happy

# Recycling is Solidarity

Thank you very  
much!!!
